

## YOUR NATIONAL MEDICAL STAFFING & HOSPITAL PRACTICE PARTNER

### Need Help Staffing Physicians, Clinicians & CRNAs?

**We've got you covered.**

Since 2004, the OnCall Solutions team of physician led staffing experts have been driving medical facilities to staffing success by filling the "space between the space" between employed and locum physicians and clinicians.

We are not your traditional staffing or locum agency. We are your administrative partner and an extension of the clinical team. Our partnerships are powered by OnCall Solutions Chief Medical Officer Program of practicing physicians with extensive healthcare system and practice management experience.

Our innovative staffing solutions dedicates an OnCall Solutions Chief Medical Officer to your program to ensure clinical excellence, physician & clinician satisfaction, and elevated patient care. We understand a hospital's staffing needs. Our CMO's oversee the implementation of best practices nationally for recruitment, credentialing, onboarding, clinical performance and metrics oversight, liability risk mitigation, billing, and overall account oversight for all of our hospitals and health systems.

Whether you are looking for medical staff to fill the gaps or a Hospital Practice Partner (HPP), we have been the right choice for our hospital partners for nearly 20 years. We will customize a solution with one or more of our offerings, tailoring a successful staffing strategy just for you. In short, we end the unpredictability and system stresses associated with physician and clinician staffing,

OnCall Solutions partners with healthcare employers of all sizes to find cost-saving solutions and improvement of patient care. Our hospitals can attest that our staffing solutions save 20-40% over existing locums outsourced staffing costs.

Connect with us today and join other successful healthcare facilities across the country that are benefitting from the OnCall Solutions difference.
